Assignment and Financial Responsibility

I hereby assign payment directly to Kansas Surgical Consultants, L.L.P. for surgical and/or medical benefits. I acknowledge that I accept full responsibility for any medical service rendered to me or anyone for whom I am legally responsible for. I understand that I am financially responsible for charges even when insurance should provide coverage and does not pay a valid claim within 60 days, or for non-covered services. I will be legally responsible for all collection costs involved with this account including all return check fees, court costs, attorney fees and other expenses incurred with collection if I default on this agreement. **I have received a copy of the KSC Financial Policy and agree to its terms. I acknowledge that the Notice of Privacy Practices of Kansas Surgical Consultants have been offered to me and are available upon request at any time.**

PATIENT FINANCIAL POLICY

We are committed to providing you with the best possible care, and your understanding of our Patient Financial Policy is important to our professional relationship. Please ask if you have any questions about our fees, policies, or your financial responsibilities. Carefully review the following information:

PAYMENT POLICY

We require a copy of your insurance card(s), photo identification and credit, debit or ACH authorization on file prior to treatment. We will attempt to verify your benefits on each visit. It is our goal to provide you with the most accurate information about your referrals, prior authorizations, co-pays and co-insurance responsibilities. If you have insurance, you will receive an explanation of benefits from your insurance carrier, which will show your responsibility (amount owed). The practice will send you a patient due statement once your insurance explanation of benefits has been processed. Payment is expected within 15 days of your statement date. The amount charged to your payment method on file will be based on the agreed upon authorization (separate document). You will have the option of paying your balance in full, or making monthly (automated) payments. We accept Visa, Mastercard, Discover and American Express.

If you do not have health insurance we expect payment at the time of the service. **A payment of $200.00 is due at the time of your initial visit. If you are unprepared to pay the $200.00, your visit will be rescheduled.** We do offer financial discounts for uninsured patients who may need surgery. A financial agreement will be obtained prior to services being performed. Please contact our business office at 316-651-5860 if you have any questions.

Please be aware our returned check fee is $50.00

BILLING AND INSURANCE

We participate with most local and many national insurance plans. However, it is your responsibility to understand whether your insurance has limits on the doctors you can see, or the services you can receive. If you are covered by health insurance, you should be prepared to show the most recent copy of your insurance card at every office visit. As a courtesy, we will file your claim with your primary and secondary insurance plans if you provide complete and accurate information about your insurance. You will be responsible for deductibles, co-payments, non-covered services, co-insurance and items considered “not medically” necessary by your insurance company. If you do not have health insurance, payment is due at the time of service.

If your insurance company pays you directly, you should receive payment within 30 days of billing. You will be responsible for full charges until Kansas Surgical Consultants, LLP receives the insurance check and summary of claims processed from the insured patient. After 60 days, if we have not heard from you, accounts will be considered for collections and we will expect payment of the full charges.

REFERRALS

If your insurance policy is an HMO and you are referred to our office, we will do our best to help you obtain any referral forms required by your insurance provider. If we are unable to obtain the referral for any reason, we will let you know. It will then be your responsibility to contact your primary care physician and obtain the referral prior to your appointment. Failure to obtain a referral may result in a reduction of benefits or non-payment by your insurance provider.

WORKER'S COMPENSATION
If your office visit is due to an injury at work that has been reported to and verified by your employer, you may be eligible to have your claim covered by Worker's Compensation insurance. Be sure to inform our receptionist that the injury occurred while on the job. You will need to provide all claim information and complete a form in order for us to file this claim correctly.

ACCIDENTS AND INJURIES
All medical expenses that result from a vehicle accident or public liability are considered the personal responsibility of the patient.

USUAL, CUSTOMARY, AND REASONABLE
Insurance companies pay an established percentage of the physician's fee or pay the insurance plan's customary or reasonable fees, whichever is less. Although these limits are called customary, they may or may not reflect the fees that physicians charge. You may also notice that on your invoice, the fee your physician has charged is higher than the reimbursement from your insurance company. This does not mean your physician is overcharging you for those services. The insurance company may not have taken into account up-to-date, regional data in determining the amount paid for services. There is no regulation on how insurance companies determine the amount paid for services. The language used in this process may be inconsistent among insurance companies and difficult to understand.

UNDERSTANDING YOUR HEALTHCARE
Our office and surgery charge is determined after each visit and procedure. You, your doctor, or your insurance company may call us to obtain an estimate of the approximate charges in advance of the service. Please be aware that you will receive separate billing from other providers or entities related to your surgical services or procedure (radiologist, anesthesiologists, pathologists, surgeons, etc.) as well as facility fees.

FORMS AND RECORDS
The completion of disability forms and FMLA forms will incur a $15.00 administrative charge per set of forms. Forms will not be completed by KSC until payment is received. There is no charge for duplication of medical records sent directly to another medical provider or records requested by your standard health insurance carrier. Duplication of medical records for personal use, disability policies, life insurance policies, or cancer policies will incur a charge.

COLLECTIONS PROCESS
If we do not receive your payment in full within sixty (60) days of your first mailed statement, and you have not made arrangements with our business office, your account will be considered delinquent and considered for collection action.

If your account is placed in collections you will be charged collection fees including but not limited to agency fees, attorney fees and court costs.

If you have any questions, please call 316.651.5860 and ask to speak with our business office personnel. We want to help you understand your healthcare billing.

I authorize KSC to release my information including the diagnosis and the records of any treatment or evaluation rendered to third party payers and or health practitioners. I authorize and request my insurance companies to pay KSC directly insurance benefits otherwise payable to me. I understand that my insurance may pay less than the actual bill for services. I understand and agree that (regardless of insurance status), I am ultimately responsible for the balance on the account including service, and any additional charges as mentioned above that may be incurred. I have read and understand this agreement.

Notice of Privacy Practices Summary

Maintaining privacy of your health information is very important to us. Our website (www.kansassurgicalconsultants.com) and our reception staff will provide you with our *Notice of Privacy Practices.* The following is a brief summary of the content of the policy. We encourage you to read the entire Notice and ask any questions you may have regarding its contents.

Uses and Disclosures of Your Health Information That May Be Made Without Your Authorization. This section describes the different ways we may use or disclose your health information without first obtaining a specific authorization from you. These types of uses and disclosures are specifically permitted by law because it is assumed you would want us to use or disclose your information for these purposes, or because such use or disclosure is recognized as critical to the functioning of our health care system.

Your Health Information Rights. This section describes the following rights you have with respect to your health information and tells you how you may exercise these rights.

- Right to access
- Right to request amendment
- Right to and accounting disclosures
- Right to request restrictions on certain uses and disclosures
- Right to request alternative means of communication
- Right to be notified of a breach of your protected health information
- Right to receive a paper copy of our Notice of Privacy Practices

How to File Complaints Concerning Our Privacy Practices. This section tells you what you can do if you believe any of your rights have been violated. You will not be penalized for filing a complaint.

I acknowledge that the Notice of Privacy Practices of Kansas Surgical Consultants with the effective date of September 23, 2013 has been given or offered to me and are available upon request at any time.
